W Maldives has partnered with one of the most popular personal trainers in Europe - **Ewa Chodakowska**, to host a wellness event in November, 2017. She is one of the most influential people in health and fitness in Europe and has been recently named 'the trainer of all Polish women' by various media and sport brands in her country.

Ewa's fitness empire began with training videos, which have motivated women to exercise regularly and with long-term results. Now Ewa sells over twenty signature training DVDs, ten book titles, out which many have become international bestsellers; sport equipment and her unique dieting plan that goes hand in hand with her signature training programs such as Scalpel, Turbo Fat Burning or Killer. She is also the editor in chief of *Be Active* magazine, and runs inspiring fitness workshops all over the world.

In 2014 Ewa set the Guinness World Record for hosting the world's largest group exercise. Currently she ranks as number 9 on the list of the most 50 influential Poles in her country.

At W Maldives Ewa will conduct a **DETOX. RETOX. REPEAT WEEK** between November 12-19, which will set its participants into the pre-festive mood and help them look and feel fabulous while having lots of fun on the tropical playground.

The week will involve daily workout and diet advice sessions with Ewa Chodakowska herself, **Lefteris Kavoukis**, Ewa's husband, book co-author and fitness instructor with over twenty years of experience. Together with Ewa they participate in various TV shows and fitness events. **Marta Kielak**, the official *Be Active* dietitian, will be holding daily body and weight measurements using the Body Composition Analyser. The machine gives clinically accurate and personalized readings, which will help participants understand the impact of the diet and exercise on their body, and keep them motivated throughout the whole week and after!

Participants will also enjoy complimentary FIT group activities at the Escape, guided snorkelling sessions around the house coral reef named as one of the best house reefs in the Maldives; non-motorized watersports activities such as kayaking and stand-up paddle boarding; sunset cruise on a luxury two-mast yacht Escape, group yoga sessions at the overwater AWAY@Spa and deserted island of Gaathafushi located just a few minutes away from the resort.

The one-week package includes accommodation at resort's beach or overwater Escapes, Full Board meals based on Ewa's signature *Be Diet* plan and return seaplane transfers in the Maldives.
